RE: Commendation

---

I would like to take this opportunity to personally recognize and thank you for your involvement with the 2005 *Step Up Florida!*

Your participation and coordination of the Florida Highway Patrol's involvement in this very important statewide event helped make this a success throughout the Troop.

The numerous letters of thanks and commendation from the local health departments have been forwarded to general headquarters for inclusion in the *Trooper Recognition* section of the FHP website.

Congratulations on a job well done!
